NELSON WALL SCONCE COLLECTION

HIGHLIGHTS

- Part of a progressive and technologically advanced lighting collection
- A family of refined wall sconces
- CE approved
- Suitable for both private and office environments

NELSON WALL SCONCE COLLECTION DESIGN BY HERMAN MILLER, AVAILABLE FROM HAY

Part of the Nelson Bubble Lamp series, the Nelson Wall Lamp series comprises a range of wall-mounted lighting solutions. Featuring a spherical shade suspended from a walnut wall mount and steel arm, the lamp fills any interior with a warm, diffused light. The lamp's arm can be adjusted from left to right and up and down without having to change its position on the wall. Available in Ball, Pear, Cigar, and Saucer variants.

Born in Connecticut, USA, George Nelson (1908-1986) was one of the most influential figures in the crucial early period of modern design. Trained at Yale as an architect and a fine artist, he believed that a designer's job was to better the world, using the perfection of nature's creations as his guide. Two formative years in Rome following his receipt of the prestigious Rome Prize brought him into contact with the world's leading modernists, including Le Corbusier, Mies Van der Rohe, Walter Gropius, Gio Ponti, and many others, and helped shape his career as a writer and industrial designer, who would change the course of history.

Nelson Ball Wall Sconce S

Nelson Pear Wall Sconce S

MATERIALS

SHADE
Webbing polymer

FRAME TOP & BOTTOM RING
Coated and brushed metal and nickel

CORD
White PVC insulation

All Bubble Lamp models have a steel-wire skeleton on the interior which is spray coated with the translucent plastic polymer resulting in a lamp that is both opaque and transparent as it glows.

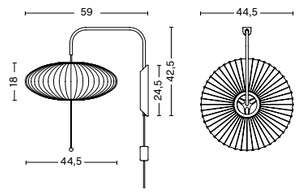
Diameter shade 33 cm
Depth 53 cm
Height shade 32 cm
Height total 42,5 cm
Weight 2,14 kg



NELSON SAUCER WALL SCONCE CABLED | SMALL
Diameter shade 44,5 cm
Depth 59 cm
Height shade 18 cm
Height total 42,5 cm
Weight 2,14 kg

TECHNICAL SPECIFICATION

RECOMMENDED LIGHT SOURCE
LED E27 (A15), 5-8W, 500-800lm, 2700-3000K warm white
Bulb not included

DIMMABLE
Yes
If used in conjunction with a wall mounted dimmer and suitable LED bulb. Hardwiring required

POWER SUPPLY
220-240V AC at 50/60Hz
Polarized plug and cable included. EU/UK adaptors not included

IP
20

CORD LENGTH
366 cm

SWITCH
Pull switch

TEST SPECIFICATION OUTPUTS

Photometrics and the test specification shown is taken using the recommended LED bulb fitted in the production luminaire

LUMEN (LM)
500-800lm

KELVIN (CCT)
2700-3000K warm white

CRI (1-100)
Depends on bulb (>80)

CERTIFICATES

ETL APPROVED
This product has been assessed and complies with the essential requirements of the certificate.

CE APPROVED
This product has been assessed and complies with the essential requirements of the relevant European directives.

LED IP20

Tested according to the following European EN IEC standards which relate specifically to electrical lighting products including:

· EN 60598-2-4 (portable luminaires)
· EN 60598-1 (general requirements)
