- Comes in two curved shapes with balanced proportions C- and S-shape
- Made of powder coated steel in high gloss finishes in multiple colours
- Flat-packed design
- Suitable for a wide variety of private and public environments

COLOUR RACK DESIGN BY MULLER VAN SEVEREN

Muller Van Severen's innate sense of colour and proportions are showcased to perfection in this design collaboration with HAY. With its simple, sculptural form, the Colour Rack makes an elegant and functional alternative to a wardrobe, and can also be creatively used as a room divider. The flat-packed design, combined with the C- and S-shaped options, and beautiful colours make it a versatile and visually appealing item that brings balance to its surroundings.

Belgian artist duo Fien Muller and Hannes Van Severen work sits somewhere between design and art, drawing on their passion for architecture and materials. For HAY, Muller Van Severen has also designed the Two-Colour Table, Ceramic Table, Colour Cabinet, MVS Cutlery, and the Arcs Collection.

EN TEST EN 16121 - L1
Non-domestic storage
Maximum load 50 kg, evenly distributed

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC™-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
