Product description:

The Icon Lounge Chair presents a captivating dialogue between geometry and material: angular wooden beams meet cushions that are remarkably firm yet soft, creating a striking contrast between solid structure and gentle comfort. The robust pine frame embraces the cushions with generous depth, allowing both back and seat cushions to rest halfway within the frame without the need for additional support—they simply stay in place, perfectly balanced by the structure. The oversized beams are carefully designed to showcase the natural beauty of the pine grain from every angle, celebrating the wood's texture and character. Icon embodies the essence of compact living, offering comfort and style without compromise. Flat-packed for easy assembly and disassembly, it adapts effortlessly to any living space

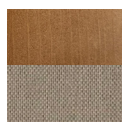

Designer's thoughts:

"With the lounge chair, I wanted to honour the brutalist expression, where each component becomes an object. The frame is distinctly the supporting unit, and the cushions are carried by it." – Jonas Herman, Herman Studio

Finish:

Matt
lacquer

Deep
Brown Matt
lacquer

Cushion filling: A blend
of natural filling and
foam granules - F403:
Polydun Selecta
