Book Stand

Penguin and MOEBE launch Book Stand to mark Penguin's 90th anniversary

A collaboration that celebrates books, design, and the role they play in our everyday lives.

To celebrate 90 years of Penguin, MOEBE has collaborated with the publisher to create the Penguin x MOEBE Book Stand - a design that places the book at its centre.

Reduced to its essence, the design gives complete focus to the book itself. Versatile in use, it can hold your current read open at the page you left off, support a single volume upright, or serve as bookends when paired. Whether for a quiet spot on the bedside table or as an elegant frame for a larger collection, the Book Stand adapts with ease.

The Book Stand is available in Stainless Steel, Sand, Black, and Penguin's signature Orange.

Penguin and MOEBE

An icon of publishing, Penguin has been at the heart of stories and ideas shaping the world since 1935. For nine decades, they have connected people with books they love - books that spark imagination, inspire debate, and expand horizons.

At MOEBE, we share this belief in the power of ideas and in bringing culture and design into everyday life. Congratulations to Penguin, and here's to the next 90 years.

"Penguin has shaped the way we read for 90 years. We wanted to design an object that honours books themselves - reduced to its essence, but full of possibility."

— Anders Thams, Designer at MOEBE

Dimensions

20 x 12,6 x 8,4 cm (H x W x D)

Colour

Orange, Black, Sand, Stainless Steel

Material

Powder-coated stainless steel

Rec. retail price

57,00 EUR
