- Available in multiple configurations across the AAC collection
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAC 18

DESIGN BY HEE WELLING

Offering a slightly more formal expression than other designs in the collection, About A Chair AAC 18 features slim, elegant legs and armrests that frame the seat shell. The chair's upright, slightly rounded seat offers excellent comfort, while the open front conveys a welcoming expression. The legs are available in chrome and powder coated finishes, with the post-consumer recycled plastic shell offered in a wide palette of contemporary colours and multiple front upholstery options. Its refined silhouette and multitude of design.

Hee Welling is a Danish furniture designer who founded his Copenhagen-based studio in 2003. He studied at the University of Art and Design Helsinki and earned a master's degree in furniture design from the Royal Danish Academy of Fine Arts. Known for combining technical precision with refined simplicity, Welling creates functional, accessible designs distinguished by their strong proportions and understated elegance. For HAY, Welling has designed the About A series and the Hee Chair, Lounge Chair, and Bar Stool.

COLOUR & FINISH

Please note that the colours are indicative

SHELL

 Azure blue	 Black	 Clay	 Concrete grey	 Dusty blue	 Dusty mint
 Fall green	 Khaki	 Melange cream	 Pale peach	 Pastel green	 Slate blue
 Raisin	 Soft brick	 Teal green	 White		

BASE

 Black powder coated steel Texture	 White powder coated steel Texture	 Chromed steel
---	---	--

The shells consist of 100% recycled post-consumer plastic from household machines. The use of recycled material means that colours vary slightly from batch to batch. Marks and irregularities on the surface are a natural part of the material and may occur.

EN TEST EN 16139 - L1
Non-domestic seating

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC®-certified wood (FSC-C148805), and bio-based foam that helps lower our products’ overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
